Manage Time Study Sample

Polling Question

- 1. If a participant fails to respond to their moment within the 5 business days the RMTS must:
- A. Document reason the moment was missed in Fairbanks system
- B. Report the incident to the participant's supervisor
- C. Remove the participant from the PL and exclude from TS
- D. All of the above

Participant List

Participant List

- Development
- Certification
- •Who's In
- Drop Down Options
- System Demonstration

- Once PL is closed you cannot add/delete a participant nor change position/function category.
- No changes can be made after the 3rd quarter PL closes until next FFY PL opens, unless you attend an early May training which gains you access to PL mid-May.

An accurate PL is a critical part for ensuring eligibility for MAC and/or SHARS

If an ISD does not update/certify its PL by the deadline:

They are ineligible to submit a MAC claim for that quarter
They are ineligible for SHARS reimbursement for the entire FFY 2020

Every time the PL is updated, it is also certified.

The RMTS Contact must open the PL and click the "certify the PL" button prior to the deadline, even if there are no changes to the participant list from the previous quarter.

- Reminder e-mails will be sent <u>only</u> to those ISDs that have not certified their PL.
- The PL provides a basis to <u>identify the positions</u> that may be included in the MAC claim and SHARS cost report

Staff chosen to participate in RMTS will be categorized in one of two staff pools in Fairbanks as:

Administrative Services (MAC only)

Only includes staff who perform administrative activities associated with Medicaid.

Direct Service Administrative

Eligible staff providing direct medical services and administrative activities associated with Medicaid.

New

Administrative staff such as executive directors, program directors, principals, assistant principals, special education directors, and other managers/supervisory staff are not to be included in the time study

Vacant Positions

Inconsistent implementation from year to year and district to district

- Only the vacant position(s) the district anticipates filling during the quarter should be included on the PL
- Should be reviewed and edited each quarter before the PL closes
- Loading the PL with vacant positions limits the opportunity for the selected moment to be a reimbursable response
- RMTS Contact responds to the moment as paid/unpaid leave
- Excess ultimately lowers the RMTS percentage across the State

Duplicate Positions - What To Do???

- Identify and Remove from PL
- If more than one job function is performed by the participant, only include it once on the PL in the category/function performed majority of the time.
- Email(s) will be sent to those districts identified as having possible duplicate entries.
- HHSC trained RMTS Contact will be responsible for removing duplicate entries prior to the PL close date.

To remove duplicates from the PL do the following:

Export your PL to Excel. Choose the column of data (e.g. address, external ID) that may have duplicates. Highlight that column and choose the "conditional formatting" option. You'll see an option there to "highlight duplicate values"

It's easy to identify and remove any duplicates.

PL - Who's In???

Participant List includes:

Staff who perform SHARS or Direct Medical Services or MAC activities:

Regular duties on a weekly basis

Regular Staff

Federally funded employees

 Contractors (including all positions) who are not employees of ISD but provide services for ISD.

For <u>one</u> position being filled by multiple contractors, it should be listed as one position on PL

For <u>multiple</u> positions filled by one or more contractors, then each position should be listed on PL.

 Vacant positions that are anticipated to be filled (with reasonably certainty) during the quarter.

PL - Category Clarification

PL categories with mixed job functions and titles:

- Personal Care Service Provider
- Delegated Nursing
- Service Coordinator/Case Manager
- Outreach Worker
- Behavioral Counselor

Note: These categories must include the functional (or working) job title on the PL

PL - Category Clarification

Who is NOT eligible for SHARS:

Note: SBEC Certified or TEA Certified School Counselors and Educational Diagnosticians still have to qualify under the Admin Cost Pool eligible category by performing Medicaid allowable activities to be included in the RMTS

Educational or Direct Medical

- Mathematics
- Science
- Social studies
- Physical education
- Electives

Activities of Daily Living (ADL) or Instrumental Activities of Daily Living (IADL) that require human intervention to accomplish the task the student would normally do for themselves if they did not have a disability or chronic medical condition, i.e., hands on assistance, monitoring, cueing, redirection.

To ensure Personal Care Services are being documented correctly, a list of follow-up questions will be asked.

- The RMTS Contact is responsible for training the time study participants as it pertains to personal care services, such as:
- A personal care service <u>is</u> a direct medical service
- A student receiving a personal care service should have an IEP that lists the specific activity and personal care service needed
- When responding to a time study moment, PCS Providers' response should be restricted to the one minute in time. <u>DO NOT</u> list multiple activities or their job description/responsibilities
- A response should always include the specific human intervention (cueing, monitoring, etc.) for the ADL being provided
- When responding to a time study moment if the "Why" states "to provide a
 direct medical service as defined on a student IEP", then the "What" should
 clearly define the personal care service
- In situations where lesson planning is being done, please indicate the specific student audience and if it is IEP related.

- Personal care services (PCS) are provided to assist a student with a disability or chronic health condition so they may benefit from school/educational services
- Personal care services include a range of human assistance provided to students to accomplish ADLs or IADLs the student would normally do for themselves if they did not have a disability

A student may be physically capable of eating lunch but is unable to independently eat in the cafeteria because of functional, cognitive, or behavioral impairments

PCS may be provided by a wide range of school personnel:

Teacher Aides Bus Aides/Monitors

Health Care Aides Orientation/Mobility Specialists

Instructional Aides Teachers

- The Life Skills class consists of students with Moderate to Severe disabilities, showing limitations in communication, social skills and activities of daily living (ADL)
- The course curriculum is driven by the student's needs as stated in each student's IEP
- These classes may have different skill areas addressed based on student needs, such as:

Domestic skills

•Student's IEP requires that he/she receive continuous monitoring due to a behavior problem.

You are required to complete the following RMTS screens, which will ask a series of questions you will need to answer for your sampled moment. It is important that you complete the RMTS screens as accurately as possible.

- Keep in mind that you are responding for one precise minute in time. Document what you were doing at the sampled moment of time.
- Dropdowns and/or optional activity descriptions are provided to assist you. If you do not see a response that applies, choose "other" and you will be provided an explanation box in which you can describe what you were doing
- If a blue question mark icon appears at the end of an optional activity description, you may click on the "?" to obtain additional information.
- 4. The person who will be reviewing your response has no idea of your job description, tasks you perform, or why you perform them, so it is up to you to provide the proper information needed to adequately describe what you were doing at the time of your moment. If you provide insufficient information, you will receive a follow-up email or telephone call requesting additional information.
- 5. Responses such as the following do not provide sufficient information and should be avoided:

- 6. It is best to avoid the use of acronyms and to instead spell out the definition, description, or title.
- 7. Do not provide client/student-specific names. Instead, your response should state that you were working with a client/student or a group of clients/students, if that case.
- If you are traveling at the time of your sampled moment, please include a description of the activity you will be performing upon arrival.
- 9. If you were not working at the time of your moment, please indicate if it was paid or unpaid leave/time off.
